

IRIDIUM EDGE™

DEPENDABLE GLOBAL CONNECTIVITY

FEATURES

- **Always Ready to Go** – Leverage your existing fleet and telematics solutions through the Iridium Edge™ by expanding connectivity and coverage.

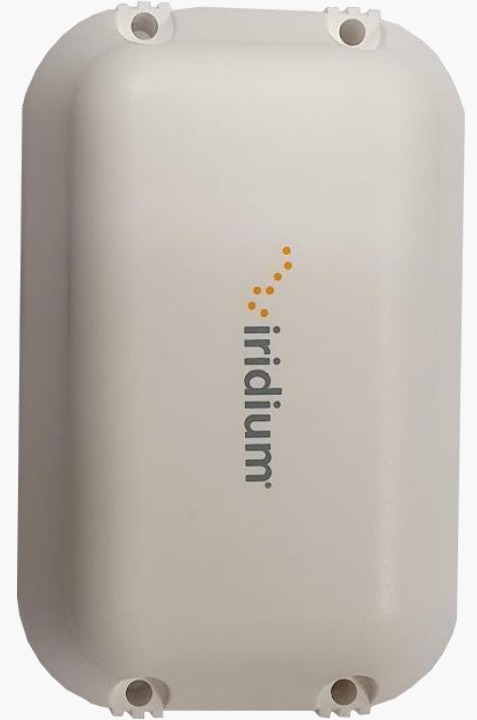

- **Easy installation** – for simple and easy plug-and-play integration to the G120 and Digicore's online platform and app Telematics guru.

- **Certifications** – Iridium Satellite Network Certified, RoHS Compliant, Australian approvals

- **Impeccable Temperature Tolerance** – -40°C to 85 ° C; IP 67 rated.

FEATURES

- **Complements the G120** – When used with the G120, you can get data on when the vehicle starts, when the vehicle is moving, seatbelt monitoring, harsh events and send immediate notifications for rollovers, impacts and panic button with email and SMS alerts.

- **Upgrade to the best IVMS in Australia** – When used with the G120, you end up with one of the most reliable, versatile and affordable IVMS solutions for anywhere in Australia regardless of coverage.

THE DIGICORE DIFFERENCE

- 14 years of experience serving clients across mining, oil and gas industries.
- We are an Australian company which goes the extra mile to provide top quality products and services.
- Our reporting interface & scheduler can provide you with 100% accurate and customisable data.
- We are a customer-centric team that is ready to support you.
- No lock-in contracts mean that you save on costs without compromising on quality
- Flexible SIM cards mean that you only pay for what you use.
- We will constantly keep you compliant and will truly be you “Partners in Safety”.
