

# OYSTER 2

**LIGHT, COMPACT AND  
POWERFUL**

# FEATURES

- **High Precision GPS** - GPS and GLONASS positioning systems are used simultaneously with a 72-channel high sensitivity receiver (-167dBm) for enhanced accuracy and faster fixes.

- **Rugged and Waterproof** - IP67 Nylon Glass Housing; The device can safely withstand fine dust, high-pressure spray, submersion for 30 minutes in 1m of water, and extreme temperatures.

- **Off the shelf battery life** - Powered by 3 x AA Off-the-Shelf LTC Batteries, the device can last up to 7 years.

- **Track the battery life** - The built-in battery management accurately reflects the battery life and battery usage so that you can plan.

# FEATURES

- **Convenient reporting** - Stay on top of your reporting needs and configure devices to send updates based on set time intervals (1x, 3x, 5x a day, etc.,) or when movement occurs.

- **Sleep Mode** - Conserve battery life and optimise data usage using sleep mode, switching the update rate to only twice per day until movement occurs.

- **Impact Detection** - Get alerted when the impact crosses the user defined G-force level.

- **Run Hour Monitoring** - To understand and optimise asset utilisation.

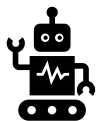

# FEATURES

- **Theft Protection** - Recovery Mode in the case of theft or loss to activate live-tracking at 30 second intervals for asset retrieval.

- **Versatile** - Configure device parameters such as heartbeat rate, movement and accelerometer settings, and more to fit any tracking application.

- **Impeccable temperature tolerance** - Can tolerate temperature ranging from -20°C to +60°C.

- **Advanced Geofencing** - Create custom geofences and alerts if an asset enters or leaves specific locations. Geofences can also be downloaded directly to the device for enhanced location-based behaviours.

# ***LAST BUT NOT THE LEAST***

- ***Weight*** – 194g (6.84 oz).
- ***Compact and Concealable*** – To easily fit onto your assets .
- ***Battery Life*** – Up to 7 years of battery life at once-day heartbeats/ 1 year battery life at once-hourly heartbeats.
- ***Schedule Maintenance*** – Set Reminders based on distanced travelled and run hours to reduce maintenance and repair costs.
- ***Manufacturer's Warranty*** – One-year manufacturer's warranty.

# ***THE DIGICORE DIFFERENCE***

- 14 years of experience serving clients across mining, oil and gas industries.
- We are an Australian company which goes the extra mile to provide top quality products and services.
- Our reporting interface & scheduler can provide you with 100% accurate and customisable data.
- We are a customer-centric team that is ready to support you.
- No lock-in contracts mean that you save on costs without compromising on quality
- Flexible SIM cards mean that you only pay for what you use.
- We will constantly keep you compliant and will truly be you “Partners in Safety”.
