

REMORA 2

THE FLEXIBILITY YOU NEED

FEATURES

- **High Precision GPS** - GPS and GLONASS positioning systems are used simultaneously with a 72-channel high sensitivity receiver (-167dBm) for enhanced accuracy and faster fixes.

- **Bluetooth® 5.0 Gateway** - Bluetooth can be used for affordable asset management and tracking.

- **Rugged And Weatherproof** - IP67 Nylon Glass Housing; the device can safely withstand fine dust, high-pressure spray, submersion for 30 minutes in 1m of water, and extreme temperatures.

- **Off the shelf battery Life** - Powered by 2 x D Off-the-Shelf LTC Batteries, the device can last up to 10 years.

FEATURES

- **Track The Battery Life** - The built-in battery management accurately reflects the battery life and battery usage so that you can plan ahead.

- **Convenient Reporting** - Stay on top of your reporting needs and configure devices to send updates based on set time intervals (1x, 3x, 5x a day, etc.,) or when movement occurs.

- **Sleep Mode** - Conserve battery life and optimise data usage using sleep mode, switching the update rate to only twice per day until movement occurs.

- **Impact Detection** - Get alerted when the impact crosses the user defined G-force level.

FEATURES

- **Run Hour Monitoring** - To understand and optimise asset utilisation.

- **Theft Protection** - Recovery Mode in the case of theft or loss to activate live-tracking at 30 second intervals for asset retrieval.

- **Tamper Alerts** - Instant alerts if the device is removed from your asset.

- **Flexible** - Configure device parameters such as heartbeat rate, movement and accelerometer settings, and more to fit any tracking application.

LAST BUT NOT THE LEAST

- ***Manufacturer's Warranty*** - 1-year manufacturer warranty.
- ***Preventive Maintenance*** - Set reminders based on distance travelled and run hours to reduce maintenance and repair costs.
- ***Advanced Geofencing*** - Create custom geofences and alerts if an asset enters or leaves specific locations.
- ***Weight*** - 443 g (15.63 oz).
- ***Battery Life*** - Up to 10 years of battery life at once-daily heartbeats / 5-year battery life at once-hourly heartbeats.

THE DIGICORE DIFFERENCE

- 14 years of experience serving clients across mining, oil and gas industries.
- We are an Australian company which goes the extra mile to provide top quality products and services.
- Our reporting interface & scheduler can provide you with 100% accurate and customisable data.
- We are a customer-centric team that is ready to support you.
- No lock-in contracts mean that you save on costs without compromising on quality
- Flexible SIM cards mean that you only pay for what you use.
- We will constantly keep you compliant and will truly be you “Partners in Safety”.
