

VEHICLE TRACKING SOLUTIONS

EFFECTIVELY MANAGE YOUR FLEET

VEHICLE TRACKING

- Digicore has a wide range of vehicle tracking solutions that can satisfy every requirement and budget. Our solutions can cost-effectively track mining fleet vehicles, trucks, light commercial vehicles and more.

- Digicore's premium vehicle tracking solution is the fully scalable G120, which allows for remote upgrades and gives you the most advanced vehicle tracker in Australia.

- Our G120 solution comes with iridium upgradability so that you can track your assets using satellite communications and never miss out on important details.

- Digicore's Vehicle Tracking allows you to stay on the pulse of what is happening at the site and how are the vehicles being utilised.

VEHICLE TRACKING

- Using our solutions, you can streamline your processes to decrease costs on fuel, idling, speeding and maintenance.

- We provide you with 100% accurate and customisable information that can help you measure and improve your fleet performance over time.

- Utilising Digicore's vehicle tracking solutions, you can ensure compliance across your sites by tracking over-speeding, harsh acceleration and more.
