

SmartOne C

**SATELLITE MANAGED ASSET
TRACKER**

FEATURES

- **Quick Installation** – Easy to install using industrial adhesives, brackets or screw mounts.

- **Rugged & Weatherproof** – NEMA 4X and IP68 rated case ensures durability.

- **Off-the-Shelf Batteries** – Uses 4 x AAA Off-the-Shelf Lithium batteries for up to 500 days of use (based on 2 messages a day).

- **Track anything** – Monitor containers, boats, assets, plant, vehicles, trailers and a multitude of outdoor other applications

FEATURES

- **Power both ways** – SmartOne C can be lined-powered, or in the absence of power, it can switch to battery power, or if no power available, it can be solely powered from the onboard batteries.

- **Accurate Asset Information** – SmartOne C utilises motion sensors, comparative GPS positions and custom configured sensors to gather and transmit asset information.

- **Automatic Alerts** – Change of location sensing sends alerts if the asset moves out of a pre-determined range.

- **Messaging Reduction Mode** – Reduced satellite messaging if asset remains in the same location for a pre-determined period of time.

FEATURES

- **Integration to the telematics guru-** The SmartOne C is fully integrated into the Telematics Guru eco system allowing it to be seamless displayed alongside vehicle, personnel and 4G LTE asset tracking units.

- **Satellite Technology** – Global LEO Satellite operation using the Globalstar Simplex Data Network.

- **Automatic Alerts** – Change of location sensing sends alerts if the asset moves out of a pre-determined range.; Theft alert reporting based on distance moved.
